

TruSens Z-3000 Air Purifier

Experience the difference with a new kind of air purifier that combines science, style and technology. Featuring DuPont filtration, the TruSens Z-3000 collects pollutants and neutralizes odors by automatically adapting to changing air quality conditions in a room.

Features & Benefits

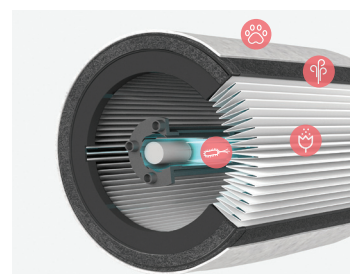

- Cleaner air where it matters most. Placed away from the purifier, the SensorPod monitors air quality across the room to optimize clean air delivery throughout your space.
- Automatically adjusts fan speed in response to the SensorPod air quality readings.
- TruSens keeps you informed. A color-coded illuminated ring and numerical value communicates good, moderate, or poor air quality.
- PureDirect technology uses two airflow streams to distribute air more comfortably, delivering purified air more effectively.
- The 360 degree DuPont HEPA filter captures pollutants and VOC gases/odors from all directions. UV light kills germs and bacteria that can get trapped in the filter.
- The contemporary design with sleek touch-button controls and integrated handle blend seamlessly into your environment.

Model	Z-3000
Air Inlet	360°
Room Coverage [Air changed 2 times per hour]	750 sq ft / 70 sq m
Air Delivery Type	PureDirect™
Purification Levels	Washable Prefilter, Carbon, True HEPA, UV
Sensor	SensorPod™
Air Quality Indicator	Numeric & Color Ring
Fan Speed Settings	Whisper, 1, 2, 3, Turbo
Timer Settings	2, 4, 8, 12 hour
UV Light	•
Dimmer Mode	•
Auto Mode	•
Noise Level	32 - 66 dB
Machine Dimensions (mm)	263 x 263 x 726
Machine Weight (KG)	5.8
Power Consumption (Watts)	68W

SensorPod Air Quality Monitor

Clean air should be everywhere, not just near the purifier. Placed across the room, SensorPod™ measures pollutants away from the purifier, then communicates with the purifier to ensure the full room benefits from purified air.

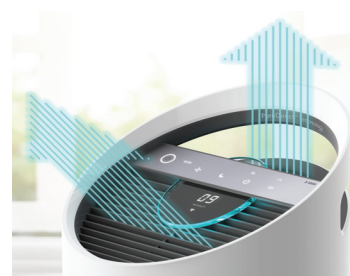

360 degree DuPont™ filtration

Captures pollutants such as allergens, VOC gases and microscopic particles. UltraViolet Sterilization destroys germs and viruses that can build up on the filter, preventing re-circulation of live germs.

Air Quality Indicator

SensorPod™ air quality readings are displayed on the illuminated disc. Know when your air is good, moderate or poor and have the peace of mind that your purifier responds accordingly.

PureDirect Technology

PureDirect™ proprietary technology splits clean air into two streams. It delivers purified air comfortably and efficiently throughout the room.
